Smart Wine Club – FAQ

- **What is the Smart Wine Club?** – The Smart Wine Club will feature a unique assortment of wines from around the globe, hand-selected by Amy with great taste AND great value in mind. Sometimes you want something a little more approachable for a weeknight dinner. That is what the new Smart Wine Club is all about!
- **How much wine do I have to buy each time?** - Four times per year, a new wine pick-up consisting of a half-case (6 bottles) will be announced. The assortment will typically be about one-third whites/rosés and two-thirds reds, although this may vary depending on the season and the wine region we're highlighting. You will receive 6 delicious new bottles of wine to enjoy with friends and family.
- **What is the cost?** – Our Smart Wine Club goal is to always keep the average cost per bottle at \$15 or less, so each pick-up will be around \$90 or less. What a deal!
- **What are the benefits of membership?**
 - 1) You will receive a below-retail discount off the wines in your pick-up, plus any additional wines you purchase from WVKC.
 - 2) You will receive tasting notes and food pairing suggestions with each pick-up. With these helpful "cheat sheets" you will learn much more about each new wine, have fun creating new dishes and menus to go with your wine, and improve your wine tasting skills in general.
 - 3) You'll receive invitations to private, members-only tasting events at WVKC.
- **How do I sign up?** - Give us a call at (503) 363-1612, and provide your name, phone number, and email. Then provide us with payment info for your automatic payments. That's it! There is no fee to join the club.
- **What happens next?** - Once you're a member, you'll receive a quarterly email announcement letting you know which wines have been chosen, including the country or region we're highlighting for that pick-up. The email will also include the price and the date the wines will be available for pick-up. On the billing date, you will be charged automatically using your chosen payment method, which will be kept securely on file in our system. All you have to do is pick-up your wine and enjoy!
- **Do I have to get wine every quarter? Can I skip a pick-up?** - You can also choose to skip a pick-up whenever you like and there is no obligation to buy wine every time. Just let us know within a few days after the email arrives, and we'll cancel your pick-up for that quarter.
- **What is the next pick-up going to be?** – The next pick-up will feature “A Romantic Wine Tour of Italy.” Sign up now so you won't miss it – pickup available in mid-February!
